## Influencing Investment Decisions

- Amount of revenues (esp. from extractive industries).
- How profit is redistributed (social responsibility).
- Assess how its CSR program is directly related in addressing ESG issues.

## Influencing Corporate Behaviour

- Market/ Consumer behaviour on demand and type of product.
- Maintaining sustainable supply chain resources (eg. Walmart: product sustainability index and inclusive business).

## Finding New Growth Models in Indonesia to Influence Public Policy

- Change in human capital
- Change in institutions thru reform
- National and local institutions (capacity of MICs)
